GSEA GO BP, ED_IVP_vs_IVV_discAdjusted
activated
suppressed
axon guidance
neuron projection guidance
axon development
axonogenesis
cell morphogenesis involved in neuron differentiation
neuron projection morphogenesis
cell projection morphogenesis
plasma membrane bounded cell projection morphogenesis
cellular anatomical entity morphogenesis
protein modification by small protein conjugation or removal
post−translational protein modification
positive regulation of nitrogen compound metabolic process
organic acid transport
macromolecule catabolic process
ubiquitin−dependent protein catabolic process
modification−dependent protein catabolic process
modification−dependent macromolecule catabolic process
regulation of cell cycle
cellular response to stress
cell cycle
